Bench Dedications

Frick Park

\$5,000

along the nature trail behind the Frick Environmental Center

Discover the joy of nature at Frick Park's new Outdoor Sensory Classroom and Nature Play Trail. A first for Pittsburgh, this space was intentionally designed with accessibility and inclusivity in mind. Show your support for this new community asset by dedicating a bench along the 1/3-mile Nature Play Trail off the scenic South Clayton Trail.

This project site opens late fall 2024 and can be found behind the Frick Environmental Center on Beechwood Boulevard.

For questions or inquiries, contact Elizabeth Mick at the Parks Conservancy.
